

## **Enghouse Renews Normal Course Issuer Bid**

FOR IMMEDIATE RELEASE

**Markham, Ontario – April 17, 2015 – Enghouse Systems Limited** (TSX:ESL) today announced its intention to renew its normal course issuer bid for its common shares (“Common Shares”) in accordance with the requirements of the Toronto Stock Exchange.

Enghouse continues to have significant cash reserves and positive cash flow. The Company is renewing its normal course issuer bid program because it believes that from time to time the market price of its Common Shares may be attractive and that at such times, the purchase of Common Shares would be in the best interest of the Company and an appropriate use of corporate funds.

The Company may purchase up to a maximum of 1,797,594 Common Shares, representing approximately 10% of the publicly listed float. As of close of business on April 7, 2015, the Company had 26,223,462 outstanding Common Shares. The price at which the Company may purchase such shares will be the market price at the time of acquisition and any Common Shares purchased under the bid will be cancelled. The actual number of Common Shares that may be purchased and the timing of any such purchases will be determined by the Company, subject to price, trading volume and other market considerations. Daily purchases will be limited to 6,090 Common Shares, other than block purchases. An automatic purchase plan will not be put in place at the commencement of the bid but may be put in place at some point in the future.

The bid will commence on April 22, 2015 and will terminate on April 21, 2016, unless the maximum number of shares that may be purchased thereunder has been acquired before that time. The purchases will be made through the facilities of the Toronto Stock Exchange. During the 12 months preceding the date of the bid, the Company did not acquire any of its Common Shares.

### **About Enghouse**
